

## Table 1. SMUD Fees for Selected Services

Reference	Category	Description of Charges	Fee
Rule and Regulation 6	Credit and Bill Delinquency	Dishonored Payment	\$18.00
		Field Service Fee for Disconnect Notice	\$15.00
		On-Line Check Fee Per Transaction	\$2.00
Rule and Regulation 11	Unauthorized Use	Penalty for Verified Energy Theft*	\$200.00
	Damaged Meter Equipment	Replacement of Damaged Meter	\$45.00
		Replacement of Damaged Meter Ring	\$15.00
Rule and Regulation 11	Restoration of Service	Reconnection During Business Hours	\$25.00
		Reconnection After Business Hours	\$45.00
		Crew Charge per Field Call	\$100.00
Rule and Regulation 13	Temporary Installation and Removal of Service	Overhead Service Underground Service	\$150.00

**Notes:**

\* This penalty recovers for the costs to investigate and verify cases of energy theft. Additional charges may also apply including the estimated value of the stolen power (Rule 10), crew and reconnection fees and charges for the replacement of damaged equipment.

## Table 2. SMUD Credit and Meter Testing Deposits

Reference	Condition	Required Deposit
Rule and Regulation 6 Security Deposit <sup>1</sup> for Poor Credit	Establishing new service with good credit standing	None
	New or existing service with record of bankruptcy or delinquent payments	<b><i>The greater of the following :</i></b> A. \$150.00 <sup>2</sup> , <b>or</b> B. Twice the highest estimated monthly bill, <b>or</b> C. Twice the highest actual customer bill.
Rule and Regulation 17 Meter Testing Deposit	When the customer request for meter testing is within six months of the meter installation, or within six months of a previously requested test.	\$38.00 <sup>3</sup>
	For all other customer requests for meter tests	None

*Notes:*

1. Refer to Rule and Regulation 6, Section H for terms on deposit retention and interest.
2. This value is set annually at twice the average monthly bill for the residential customer class, based on the preceding three years and rounded to the nearest \$10.00.
3. The deposit will be returned to the customer if the meter test finds the register is more than 2% fast or slow under conditions of normal operation.

### Table 3. Special Metering and Data Service Charges

Category	Description of Charges	Application	Fee
Recording Meter or Device	Installation of recording/metering device	One-time charge per install <sup>1</sup>	\$150.00
	Recording Device Lease	Monthly charge per device	\$5.00
	Special metering equipment <sup>3</sup>	Total cost x fixed monthly percent	1.29%
Telecommunication Fees	Data Communication Link <sup>4</sup>	Per month per communication link	\$13.00
	Installation of telecom equipment	One-time charge per install	Site specific
	Equipment lease cost	Total cost x fixed monthly percent	1.29%
Energy Tracking Software Service	Energy Tracking Service Fees <sup>2</sup>	Monthly charge 1-5 devices (ea.)	\$32.50
		Monthly charge 6-20 devices (ea.)	\$30.50
		Monthly charge 21+ devices (ea.)	\$28.50
Campus Billing Option <sup>5</sup>	By-passed Meter Charge <sup>6</sup>	<i>Per month for total meters less one, by the following service voltages:</i>	
		Secondary < 4 kilo-Volts (kV)	\$10.00
		Secondary > 4 kV	\$61.00
		Primary @ 12 kV	\$79.00
		Primary @ 21 kV	\$105.00
		Transmission @ 69 kV	\$624.00

**Notes**

1. This charge will be waived for a device location if the device location is already equipped with SMUD-installed interval metering equipment connected to a communication link.
2. This charge only applies to devices used for the Energy Profiler Online services.
3. Non-standard equipment and devices, identified by SMUD field staff as required in some circumstances.
4. This is an optional SMUD service. Customers can choose to pay their own phone bills. Customer is responsible for paying the charges related to the installation of the dedicated phone line to a meter. SMUD may offer to install or contract for the installation of a phone line(s) and bill the customer for the charges.
5. This option is available to commercial customers for consolidating multiple accounts, located on a contiguous site, onto a single SMUD bill.
6. Program participants must also pay for all relevant metering and telecommunication charges.

## Table 4. Fees for Extension of Facilities to Premises

Category	Application	Unit of Charge	Fee
Commercial New Construction*	< 3 megawatt (MW) of connected load @ Secondary or Primary Voltage Service	Per KW of Service Panel Rating	\$45.00
Commercial Upgrade Service*		Per KW of Service Panel Upgrade	\$45.00
Network New Construction*		Per KW of Service Panel Rating	\$90.00
Network Upgrade Service*		Per KW of Service Panel Upgrade	\$90.00
Commercial New Construction*	> 3 megawatt (MW) of connected load, dedicated facilities, and all transmission level service	Estimated Cost of Service	Site Specific
Meter & Service	Standard installation for existing panel and meters already in service		No charge
Residential New Construction	All new residential	Per new residential lot	\$1,150.00

Notes

\* Includes final service voltage transformation regardless of whether SMUD equipment is located on or off the customer premise.
