SMUD BOARD POLICY

Category:Board-Staff LinkagePolicy No.:BL-14Title:Delegation to the CEO with Respect to Products,
Services and Programs

SMUD develops and provides innovative products, services and programs to benefit our customers, community and operations. These products, services and programs provide options to our customers, improve our operations, and further the purpose of Strategic Direction SD-19, Diversified Business.

a) **Delegation of Authority:** The Chief Executive Officer and General Manager (CEO) is delegated decision making and approval authority for the development and delivery of products, services and programs for SMUD customers.

In addition, the CEO is authorized to enter into strategic partnerships related to the development and delivery of innovative technologies, new business models, programs or services within and outside of the SMUD service area consistent with Strategic Direction SD-19.

The CEO shall seek prior Board approval for strategic partnerships that create a material financial, reputational, or operational risk.

b) **Reporting:** The CEO shall provide advance notice to the Board prior to entering into new strategic partnerships.
