

What is SMUD's 2030 Zero Carbon Plan? We're committed to eliminating 100% of our carbon emissions from our power supply by 2030 so we can all live in a Clean PowerCitySM.

As we improve our local air quality, create a clean energy economy and help the planet, we'll continue our commitment to provide safe and reliable power at rates that are among the lowest in California.

Working together with our business community, we know we can meet this goal and put Sacramento on the map as a region where innovative, climate-friendly businesses can thrive.

To achieve our 2030 goal, we want to partner with our business community. We're adopting new technologies and creating innovative programs to collectively create a Clean PowerCity that we can all be proud of. Learn how your business can join the charge at [CleanPowerCity.org](https://www.cleanpowercity.org).

How can my business get involved?

We have a variety of solutions and incentives for our business partners to help achieve a carbon-free future.

- Install low-cost energy efficiency upgrades to save energy and money.
- Participate in Advanced Thermostat Management and get paid to reduce your electricity usage during the peak season.
- Join Greenergy® to power your business with carbon-free energy.
- Go electric and switch from gas to electric equipment.
- Add charging stations and convert your fleet to electric vehicles.
- Discover the benefits of solar and battery storage.

Connect with your dedicated Strategic Account Advisor at [smud.org/MyAdvisor](https://www.smud.org/MyAdvisor) to customize a clean energy strategy tailored to your business needs.

Is your business EV ready?

SMUD's incentives make it easy and affordable for your business to be EV ready. Take advantage of incentives for your commercial vehicles including light-duty cars, trucks or semi-tractor-trailers. Plus, electric vehicle charging installations for customers, tenants or employees are eligible for incentives of \$4,500 per handle for each level 2 EV charger. Learn more at [smud.org/DriveElectricBusiness](https://www.smud.org/DriveElectricBusiness).

Power you can depend on

For 75 years, we've been committed to safe, reliable, affordable and environmentally responsible power for local businesses.

From year-round vegetation management near our power lines, to testing and replacing equipment, we take steps to ensure safety and power reliability for all our customers. By taking a proactive approach, we minimize the impact of down time to your business when there is an unexpected power outage due to a storm or unexpected events. If an outage does occur, SMUD crews work 24/7 to restore your power, and often at a moment's notice, when bad weather strikes.

It's easy to prepare for winter storms. Find out where your service panel is located and know how to operate the main circuit breaker at your business. Learn more about how to prepare at [smud.org/Storms](https://www.smud.org/Storms). •

Changes to U.S. First-Class Mail delivery times

Effective October 1, 2021, the United States Postal Service (USPS) revised its service standards for certain first-class mail items, resulting in a delivery window of up to five days, instead of two or three. This may delay your receipt of mail from us and our receipt of mail from you (including bill payments). Please take this change into account when mailing items to us via USPS. For more information, visit [usps.com](https://www.usps.com).

If you haven't already, please consider online options such as [smud.org/MyAccount](https://www.smud.org/MyAccount) to access your account, view and make payments. If you need to make payments in-person, you can locate a convenient pay station at [smud.org/PayStations](https://www.smud.org/PayStations). •

SMUD Board of Directors

Your elected Board of Directors holds regular meetings once a month on the third Thursday at 5:30 p.m. Meetings are streamed live and archived on [smud.org](https://www.smud.org). Due to the COVID-19 pandemic, Board meetings are currently held online.

Visit [smud.org/Board](https://www.smud.org/Board) for the latest information.

- Ward 1 Brandon Rose • Vice President
