Renewable energy

Greenenergy®

Our green energy program offers your business an easy, affordable way to support renewable energy.

Visit smud.org/BusinessGreenenergy

Electric vehicles

Attract and retain customers and employees, while learning about our workplace charging incentives.

Visit smud.org/DriveElectricBusiness

Battery storage

Looking for a backup power solution? Our **Battery Storage** solution may meet your needs. Your battery storage unit can lower demand and your energy bill.

For incentive options, visit smud.org/StorageBusiness •

Free energy workshops & trainings

SMUD regularly holds a variety of educational classes and workshops that fit your business needs. Unless otherwise noted, classes are held at the SMUD Customer Service Center, 6301 S. St., Sacramento. Registration is required. Call 916-732-6738, or visit smud.org/Workshops to register.

Egress or emergency lighting? | Thursday, June 6, 2019 | 9 a.m. - Noon

Emergency (EM) lighting is critical to the success of projects. Properly designed EM lighting is important as lighting designers are held to a higher standard of care in the eyes of the owner and the courts. Learn how EM lighting and controls interface with other systems and how to show these designs on the plans.

Life cycle cost analysis workshop | Wednesday, June 12, 2019 | 8:30 a.m. – 12:30 p.m.

Hob Issa, Vice President of Lincus, will guide participants through real-life case studies to calculate the total cost of an energy efficiency project based on investment costs as well as future operational costs. •

Wonder why we care so much?
