For safety's sake, keep signs off poles

Before posting any kind of sign on a utility pole, consider the safety of those who have to climb the poles. Sharp objects like nails, staples and tacks pose serious safety hazards. Not only can they cause workers to slip or fall, but even tiny punctures

in a line worker's gloves can expose them to deadly shocks. Next time you're advertising for a political candidate, lost pet, garage sale or other event, please remember to refrain from posting signs on poles, and help keep our line workers safe. •

Watch out for scammers

Be on the lookout for scammers claiming to represent SMUD and threatening disconnection if immediate payments are not made. Remember SMUD will never call and direct you to a non-SMUD payment facility or require a specific method of payment (such as a wire transfer or money card).

Report scams to our customer service line at **1-888-742-7683** or email **scams@smud.org**. If you are ever asked to call another number, report it! For more information about scams see our fraud awareness page at smud.org/Scam for more details. •
