Go electric and save with our rebates

For more than 70 years, we've provided safe, reliable and affordable power to our customers and community. The energy we deliver is now greener than ever – with more than 50% coming from carbon-free sources.

As your community-owned, not-for-profit electric service, we offer rebates to help you make the transition to electric appliances in your home. Going electric is better for the environment, safer and comes with lower utility costs for your home.

We're making it easier to go electric with rebates up to \$4,000 on heat pump HVACs and water heaters, induction cooktops and electric vehicles.

Recycle your old fridge and get \$50

It's costing you money—lots of it. An old, inefficient fridge or freezer can be one of the biggest energy hogs in your home. Recycle it now with SMUD and start saving up to \$125 a year in energy costs. We'll pick it up for FREE, and you'll get a \$50 rebate.

Plus, by recycling, you'll help conserve resources while doing a favor for our local landfills.

Your bill, the way you want it

Flexibility and peace of mind are yours when you enroll in SMUD's Bill Pay Your Way program. Set your payment due date to align with a schedule that better matches your paydays or scheduled deposits.

You can also sign up for budget billing and get a set bill amount for 4 months at a time to help avoid the seasonal spikes throughout the year.

Moving? SMUD's Moving Connections can help

Stressed about an upcoming move? SMUD's Moving Connections has you covered. After connecting electric service with us, ask to be transferred to Moving Connections where we'll set up your internet, TV, phone and other services all at once. It's free, takes the pressure off having to remember everything all at once and, most importantly, saves you precious time to focus on other priorities involved with a big move.

To learn more, visit smud.org/MovingConnections. •
