Help the environment – enroll in Paperless Billing

Paperless Billing is an easy way to join us in reaching a zero carbon future by reducing paper waste. It's fast, secure and easy! You can view, pay and track it all online. Sign up at smud.org/MyAccount.

Clean power my city

By 2030, we'll be 100% carbon free. Anyone can join the charge to help us lead the global Clean PowerCitySM movement right here at home.

- Switch to energy-efficient LED light bulbs. They save energy and money, last longer and reduce waste. Check out lighting deals at SMUDEnergyStore.com.
- Wash your laundry in cold water. It's just as effective and it'll save you energy. You can also save water and energy when you only run the washing machine with a full load.
- Clean or replace your HVAC filters every 3 months to increase efficiency.
