Go green for a greener, cleaner future

Enroll in our Greenergy® program today and partner with us for a cleaner, greener and more sustainable energy future.

For as little as \$3 extra per month on your bill, your electricity needs will be met with power from renewable energy sources like wind and solar. Since 1997, customers like you have chosen to get their energy from clean, renewable sources through Greenergy.

Going 100% carbon free is a bold and ambitious goal – one we believe we can achieve with your support and participation in programs like Greenergy. Learn more and sign up at smud.org/Greenergy. •

Just a few dollars can help a family in financial crisis
