

## Fall 2020 Free Online Workshops For Residential Customers

**Wednesday,  
July 29, 2020**  
Noon – 1 p.m.

### **Weather-Stripping Saves**

SMUD's Energy Specialists will teach you the importance of weather-stripping, insulating and sealing your home. Simple changes like these can significantly reduce energy costs and improve your home's comfort level.

**Thursday,  
August 27, 2020**  
Noon – 1 p.m.

### **Is Battery Storage Right for You?**

Is buying a residential battery storage system cost-effective? Will it provide back-up power and energy independence? This workshop, taught by SMUD's battery storage expert, will cover energy consumption, upfront costs, bill savings and payback.

**Wednesday,  
September 23, 2020**  
Noon – 1 p.m.

### **Is an Electric Vehicle Right for You?**

Are you thinking about buying an electric vehicle? Join us for an overview of electric vehicle basics before making this very important investment. Topics include what to know before buying, charging technologies and discounted rate options.

**Thursday,  
October 22, 2020**  
Noon – 1 p.m.

### **Life-Changing Lighting**

Proper lighting in your home can change your life! Learn how different lighting strategies can help energize us during the day and possibly sleep sounder at night. Case studies as well as what you can do at home will be discussed.

## Fall 2020 Online Event

---

Registration is open  
from November 1 –  
November 30.

### Celebrating Our Seniors - a free online event

Your health, well-being and safety are our top priority. This year this event has been changed to an online format. Please participate from the comfort of your own home.

Register anytime in November to receive an interactive, online session where you can learn about connecting your home, lighting, controlling your bill and programs available for you.

### Stay connected

Visit our free, online education video library to learn more about electric vehicles, energy efficiency, lighting, induction cooking and more at [smud.org/EnergyVideos](https://smud.org/EnergyVideos).
