

Let's power Earth Day with an art competition

Showcase your talent in our art gallery and demonstrate how you're celebrating the Earth by helping us reach our goal of zero carbon by 2030.

Email a photograph of your Earth Day themed art using a 2D media and we'll select 70 winners and display their artwork in our gallery. The top 18 winners will also have their artwork featured in a calendar. Calendar winners will receive an Earth Day calendar along with other special prizes.

Contest opens Saturday, March 1 -
Friday, April 4

Contest rules and entry information is on the back of this flyer.
