Your students are invited to join SMUD's 12<sup>th</sup> Annual California Solar Regatta. Sponsored by SMUD's Community Education & Technology Center, the Solar Regatta is a hands-on event where students learn about solar energy and sustainability in a fun, outdoor environment.

If a team of students at your school is interested in joining the solar-powered competition, we'll loan the solar modules to a school official. Your team can then retrofit a boat or build one from scratch to compete in the Solar Regatta. All teams will receive benchmark stipends and the winning team of the Regatta Cup wins \$2,000.
