Economic Development Rate Schedule EDR

III. Conditions of Service

- A. Customers must execute an Economic Development Rate (EDR) Option Agreement to receive full service from SMUD for five years commencing on the agreement effective date.
- B. New customers must apply for the EDR option prior to commencement of service with SMUD. Temporary service is not eligible for the EDR option. Applicants will have 12 months from the agreement date to reach the maximum demand of at least 300 kW load requirement. The effective start date for the EDR for new customers is the date of the first meter read for billing after three consecutive months with a maximum demand of at least 300 kW.
- C. Existing customers must apply for the EDR option prior to the installation of new load with only additional load qualifying for the EDR. Existing customers specify in the Economic Development Rate Option Agreement the date when the new load will be added. The effective start date of the EDR is the first billing period following the specified date of load addition.
- D. Retention customers will require the execution of an affidavit by a company executive and requires review and verification by the Greater Sacramento Area Economic Council (Greater Sacramento). Retention customers specify in the Economic Development Rate Option Agreement the date when the existing load will be retained with only the portion of load deemed likely to relocate or cease operations qualifying for the EDR. The effective start date is the first billing period with the EDR following the specified date of the retained load.
