

Meeting your sustainability goals is easy with Greenergy®

SMUD offers you an easy, affordable way to support renewable energy and be recognized for your commitment to the environment.

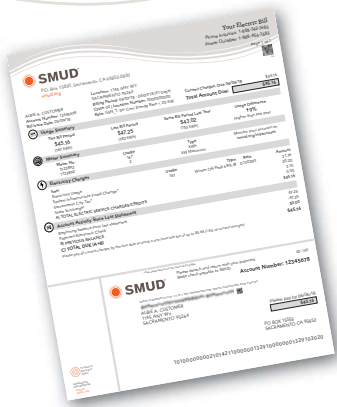

Our Greenergy program offers 2 levels to help businesses achieve their sustainability goals: Greenergy Partner Plus and Greenergy Partner. Greenergy Partner Plus provides marketing support and partnership opportunities and is ideal for companies wanting to distinguish themselves by partnering with SMUD to improve the environment and the Sacramento region. Greenergy Partner provides an easy, low cost way to demonstrate compliance in programs such as LEED, CEQA and other corporate sustainability objectives.

Join over 2,000 local businesses that are committed to making a difference to our environment. Learn more at smud.org/BusinessGreenergy. •

Electric vehicles: Is your business ready?

With the growing number of electric vehicles in the Sacramento area, the need for charging options is increasing. Charging stations at workplaces, where cars spend much of their time, is a benefit that can help meet the needs of your employees who own or are considering an electric vehicle. Installing charging stations at your workplace not only benefits your employees but also helps demonstrate your environmental leadership. Learn more about SMUD's Workplace EV Charger Incentive Program for your business at smud.org/DriveElectricBusiness. •

Redesigned with you in mind

A new redesigned bill is coming soon. The new print bill will break down your complete energy usage and charges, and the itemized breakdown shows you the full picture – helping you stay in control of your bottom line.

Have questions? Connect with your SMUD Strategic Account Advisor who can address your questions and help navigate SMUD's peak hours, billing options, energy-efficiency programs and more. Find your advisor at smud.org/MyAdvisor.
