

# Exhibit to Agenda Item #2

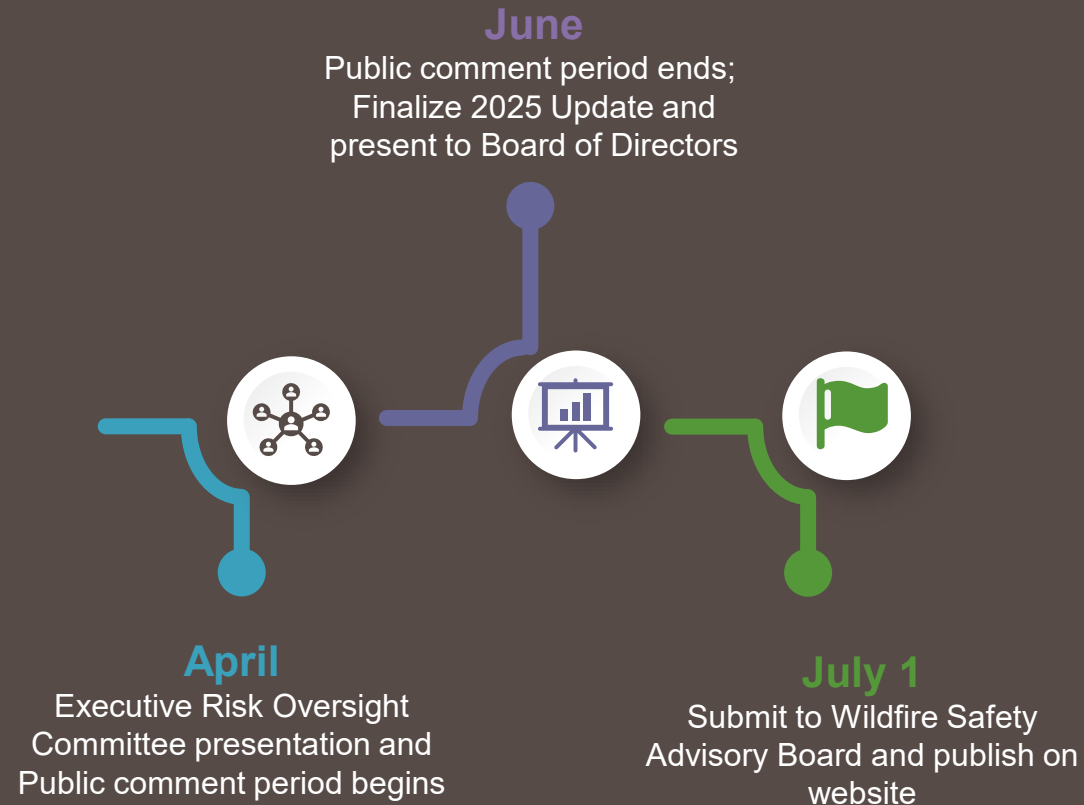

Discuss adoption of the 2025 Update to SMUD's 2023-2025 **Wildfire Mitigation Plan**.

Board Policy Committee and Special SMUD Board of Directors Meeting  
Thursday, June 11, 2025, scheduled to begin at 6:00 p.m.  
SMUD Headquarters Building, Auditorium

# Wildfire Mitigation Plan Requirements

# 2025 Plan Update Key Milestones

# Wildfire Mitigation Plan

SMUD's priority is delivering safe, reliable, sustainable, and economical electric service.

Minimize the probability that SMUD's transmission and distribution system may be the origin or contributing source for the ignition of a wildfire.

Implement a Wildfire Mitigation Plan that embraces safety, prevention, mitigation, and recovery as a central priority for SMUD.

Implement a Wildfire Mitigation Plan that is consistent with state law and objectives.

# Updates to the Wildfire Mitigation Plan

- Wildfire Safety Advisory Board had no specific recommendations for individual Publicly Owned Utilities
- 2025 Update designed as a supplement to the 2023-2025 Wildfire Mitigation Plan
- What was updated?
  - Updated timelines for project completions
  - Updated customer communication section
  - Updated the executive summary

# Tabletop Exercise

- Exercise was conducted with staff on May 27
- Exercise included Internal process and inter-agency coordination due to a wildfire in the UARP.

# Next Steps

- Board meeting – June 19<sup>th</sup>
- Board action requested: adopt SMUD's 2025 Update to the 2023 – 2025 Wildfire Mitigation Plan
