

Go Electric incentives

Looking for a sustainable way to power your business? We offer incentives and technical support to help you switch your business from gas to electric. Learn more at smud.org/GoElectricBiz.

Greenergy®

We offer an easy, impactful way to power your business with clean energy resources, helping to reduce your carbon footprint and contribute to a greener future.

Electric Vehicles (EVs)

Take advantage of EV charging incentives for your fleet, customers, tenants or employees.

Solar and Storage Rate

If you have qualifying renewable generation, like a photovoltaic system, this is for you. The energy you generate, powers your business and in turn reduces what we supply. Intermittent excess energy your system produces is returned to us and applied as a credit on your bill.

Clear space

You must leave at least 8 feet of clearance in front of our green electrical boxes and at least 3 feet of clearance around utility poles. This helps us work more efficiently, especially during a power outage. You may be charged if we need to clear the space. You must also allow access to utility easements on your property so we can inspect and maintain our power lines and equipment.

Power theft

Our technicians encounter various methods of power theft each month. Unsafe conditions are a danger to all our customers. Please report any unsafe situation you discover by calling us at **916-732-6594**.

Billing and payment options

Custom Due Date

Set your preferred payment due date range.

Go Paperless

View, track and pay your bill online with a digital bill.

Campus Billing

Combine multiple accounts onto a single monthly statement. Eligibility requirements apply.

Electronic Funds Transfer program

Apply to have your bill payment deducted automatically from your checking account.

Online payments

Pay your bill online at smud.org. Click on the "Pay Your Bill" button to view your bill and make payments from your bank account or with your credit card.

Other services & rate options

Agricultural Time-of-Day (TOD) Rates

Customers who can adjust their energy use to off-peak hours may benefit from our agricultural TOD rate options.

Economic development

We offer an economic development program to qualifying commercial customers locating, expanding, or retaining business in our service territory with a maximum demand of at least 300 kW. Incentives will apply to the System Infrastructure Fixed Charge, Site Infrastructure Charge, Summer Peak Demand Charge and electricity usage charges on their bill. There's a larger discount for locating in an under-resourced community.

Power factor adjustment

Customers with power factors below 95% may incur additional charges on their monthly bill. Customers may benefit from establishing a contract to pay a monthly waiver instead of the power factor adjustment.

Energy Assistance Program Rate (EAPR)

This is our discounted rate for certified nonprofit agencies whose primary function is to provide sleeping quarters for income-eligible residents.

2026 Commercial Rate Guide

Effective Jan. 1, 2026

Helping you save energy, save money and support a clean energy future.

Powering forward. Together.

Your rate classification

As your community-owned, not-for-profit electric service, we proudly provide rates about 50% lower than neighboring PG&E. These rates are for commercial, industrial, agricultural and lighting customers. To continually provide our customers with competitive pricing, our electric rates and options are extensive. This document summarizes these rates and options.

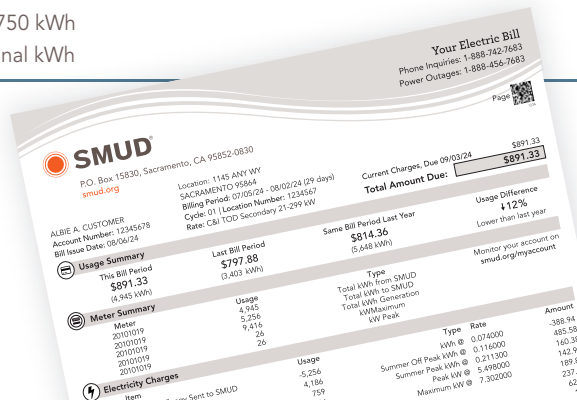

If you'd like more information on any of these rates, please call Commercial Services at **1-877-622-SMUD (7683)**, email **Pricing@smud.org** or visit **smud.org/Rates** for the full text of our Rates, Rules and Regulations.

Information about your rates

Effective July 1, 2008, a hydro-generation surcharge was implemented. It adjusts annually, as needed, based on precipitation.

Agricultural Service

Season and Chart Component	Effective Jan. 1, 2026
Non-Demand ASN Rate (30 kW and below)	
System Infrastructure Fixed Charge	\$14.75
Winter kWh	\$0.1640
Summer kWh	\$0.1795
Demand ASD Rate (Over 30 kW)	
System Infrastructure Fixed Charge	\$34.20
Site Infrastructure Charge ≤ 30 kW	\$0.000
Site Infrastructure Charge > 30 kW	\$3.388
Winter First 8,750 kWh	\$0.1814
Winter Additional kWh	\$0.1424
Summer First 8,750 kWh	\$0.1738
Summer Additional kWh	\$0.1258

Commercial & Industrial Time-of-Day

Time-of-Day (TOD) rates price energy consumption (kWh) by seasonal peak and off-peak time periods, including an "off-peak saver" period during non-summer months. These rates include a System Infrastructure Fixed Charge, a Site Infrastructure Charge (based on the highest 12-month demand), a Summer Peak Demand Charge and a Maximum Demand Charge (based on highest monthly demand).

Non-Summer Oct. 1 - May 31	Peak Off-Peak Saver Off-Peak	Weekdays between 4 p.m. and 9 p.m., excluding holidays Every day between 9 a.m. and 4 p.m., including holidays All other hours, including holidays
Summer June 1 - Sept. 30	Peak Off-Peak	Weekdays between 4 p.m. and 9 p.m., excluding holidays All other hours, including holidays

C&I Secondary 0-20kW	Jan. 1– May 31	Jun. 1–Sept. 30	Oct. 1–Dec. 31
System Infrastructure Fixed Charge	\$42.00	\$42.00	\$42.00
Monthly Demand Charge	\$2.389	\$2.389	\$2.389
Electricity Usage Charges			
Non-Summer Peak	\$0.1540	n/a	\$0.1540
Non-Summer Off-Peak	\$0.1346	n/a	\$0.1346
Non-Summer Off-Peak Saver	\$0.1244	n/a	\$0.1244
Summer Peak	n/a	\$0.3246	n/a
Summer Off-Peak	n/a	\$0.1465	n/a
C&I Secondary 21-299kW	Jan. 1–May 31	Jun. 1–Sept. 30	Oct. 1–Dec. 31
System Infrastructure Fixed Charge	\$412.90	\$412.90	\$412.90
Site Infrastructure Demand Charge	\$6.454	\$6.454	\$6.454
Summer Peak Demand Charge	n/a	\$9.960	n/a
Electricity Usage Charges			
Non-Summer Peak	\$0.1477	n/a	\$0.1477
Non-Summer Off-Peak	\$0.1264	n/a	\$0.1264
Non-Summer Off-Peak Saver	\$0.0888	n/a	\$0.0888
Summer Peak	n/a	\$0.2341	n/a
Summer Off-Peak	n/a	\$0.1215	n/a

Rate Schedule	Customer Demand (kW)
CI-TOD1	0-299kW
CI-TOD2	300-499kW
CI-TOD3	500-999kW
CI-TOD4	1000+kW

Lighting rates

Street Lighting Service
The following street lighting rate schedules apply to streets, highways, bridges, public parks, elementary schools, secondary schools and colleges.

SL_COM	Customer owned & maintained
SL_CODM	Customer owned, SMUD maintained (closed)
SL_DOM	SMUD owned & maintained
SL_COM_M	Customer owned & maintained, metered

Outdoor Lighting Service

Rate Category NLGT
Applies to SMUD owned and maintained outdoor overhead lighting service (dusk-to-dawn night lights) for customers not covered under Street Lighting Service, Rate Schedule SLS.

Traffic Signal Service

Rate Category SL_TS F
Closed to new customers.

Traffic Control Intersection Light Service

Rate Category TS_F, TS
Applies to pedestrian and vehicular traffic signal units. The related control devices and associated intersection lighting equipment are owned and maintained by the customer.
