Join us for the 2027 California Solar Regatta sponsored by our Community Education & Technology Center. The Solar Regatta is a hands-on event where students learn about solar energy and sustainability in a fun, outdoor environment.

Spend a day at the lake as high school and postsecondary students race solar-powered boats they designed and built. Cheer on your favorite team and boat as you watch from the shoreline. Other activities to enjoy:

- Have a picnic on the grassy shores of the lake, one of Sacramento's best kept secrets.
- Go for a swim or try sailing, windsurfing or paddleboarding.
- Take a hike on the Rancho Seco Howard Ranch trail.
- Make a reservation to camp overnight at the park.
- If you have a fishing license, catch a few while you're there!
