Exhibit to Agenda Item #1
Discuss proposed revisions to Strategic Direction SD-6, Safety.

Board Policy Committee and Special SMUD Board of Directors Meeting
Wednesday, April 7, 2021, scheduled to begin at 5:30 p.m.
Virtual Meeting (online)
Creating a safe environment for employees and the public is a core value of SMUD. Through best practice methods and continuous improvement, SMUD will be recognized as a leader in employee safety while also assuring the safety of the public related to SMUD operations and facilities. This requires a proactive approach, including the active involvement of SMUD leadership, employees, contractors, and our the community, as well as a comprehensive approach to monitoring of organizational and public safety performance. Therefore, SMUD will continue to improve safety results to:

**Workplace Safety**

a) Reduce SMUD’s injury severity incidents to 13 or less than by 2025 rate to 1.4 by 2020, as measured by OSHA’s Days Away Restricted Time (DART), a rate that demonstrates top quartile strong safety performance for similar size utilities using the Bureau of Labor Statistics (BLS) work-related safety data.

b) Provide timely, quality health care for injured employees that aids their recovery while maintaining positive financial performance of the workers’ compensation program.

**Contractor Safety**

a) Support contractors to reduce and eliminate potential hazards for Serious injuries and/or Fatality (SIF) when conducting high risk work.

**Public Safety**

a) Track and report injuries to the public directly related to SMUD operations or facilities.

b) Implement measures to protect the public from injuries related to SMUD operations or facilities.
Changes in Response to Board Direction

Workplace Safety
a) add: “…for similar size utilities using the Bureau of Labor Statistics (BLS) work-related safety data.”

Use of BLS statistics will allow for an electrical industry-wide comparison.

Public Safety
a) delete: “… report injuries to the public directly related…”
