Pursuant to Government Code section 54953(e) and the Emergency Board Meeting Procedures adopted by the SMUD Board of Directors, the regular Board meeting and other public meetings are currently conducted solely via virtual (online/teleconference) meeting to align with state, local, and federal guidelines for the containment of the coronavirus.

Live video streams and indexed archives of meetings are available at:
http://smud.granicus.com/ViewPublisher.php?view_id=16

Members of the public may register to provide verbal comments at an upcoming Board or Committee meeting by emailing a request to speak to PublicComment@smud.org. Please include the date of the meeting, name, and topic or agenda item the requestor wishes to speak on. The request may also be submitted while the meeting is in progress during the standard time for the agenda item or topic. Pre-registration is strongly encouraged by no later than 3:00 p.m. on the day of the meeting.

Members of the public may provide written public comments on a specific agenda item or on items not on the agenda (general public comment) by submitting comments via e-mail. Comments may be submitted to PublicComment@smud.org and will be placed into the record of the meeting.

Members of the public that are listening to or watching the live stream of a Committee meeting and wish to comment on a specific agenda item as it is being heard may submit their comments, limited to 250 words or less, to PublicComment@smud.org, noting the agenda item number in the subject line. The Committee Chair may read comments for items on the agenda into the record, in his discretion, based upon such factors as the length of the agenda or the number of e-mail comments received. General public comment for items not on the agenda will not be read into the record but will be provided to the Board and placed into the record of the Board meeting if it is received within two hours after the meeting ends.

This Committee meeting is noticed as a joint meeting with the Board of Directors for compliance with the Brown Act. In order to preserve the function of the Committee as advisory to the Board, members of the Board may attend and participate in the discussions, but no Board action will be taken. The Policy Committee will review, discuss and provide the Committee’s recommendation on the following:

SUBJECT: Audit Report No. 28007429
          Board Monitoring Report; SD-05: Customer Relations

Audit and Quality Services (AQS) received the SD-05 Customer Relations 2021 Annual Board Monitoring Report and performed the following:

• A review of the information presented in the report to determine the possible existence of material misstatements;
• Interviews with report contributors and verification of the methodology used to prepare the monitoring report; and
• Validation of the reasonableness of a selection of the report’s statements and assertions.

During the review, nothing came to AQS’ attention that would suggest the SD Board Monitoring report did not fairly represent the source data available at the time of the review.

1) Background

Strategic Direction 5 states that:

Maintaining a high level of customer relations is a core value of SMUD. Additionally, the Board sets a customer satisfaction target of 95 percent with no individual component measured falling below 85 percent.

In addition, the Board establishes an overall customer experience “value for what you pay” target of 70 percent by the end of 2025 and 80 percent by the end of 2030, with neither the average commercial customer score falling below 69 percent nor the average residential customer score falling below 65 percent in any year.

As part of this policy:

a) SMUD customers shall be treated in a respectful, dignified and civil manner.

b) SMUD shall communicate a procedure for customers who believe they have not received fair treatment from SMUD to be heard.

2) Executive summary

To ensure customers are receiving the highest quality of service, SMUD measures the satisfaction of key interactions with SMUD: Outages, Tree Trimming, Bill Inquiries, New Connections, IVR Payments, and IVR Payment Arrangements.

In addition, we measure Value for What You Pay as value drives customer loyalty. Value is defined as the trade-off between the perceived benefits a customer gets to the cost they have to pay for the benefits. Knowing what customers value allows SMUD to tailor services, products, and offerings to sustain customer relationships as the utility market evolves. SMUD is measuring customer perceived value because SMUD believes it is an effective early indicator of customer loyalty. When customers have options to choose alternatives, whether alternatives in energy, energy advisement, and other related services, we want our customers to continue choosing SMUD.

High satisfaction in these key interactions below and a high Value for What You Pay score support SMUD’s purpose and vision to act in the best interests of our customers and community.
SMUD is in compliance with the policy and has exceeded the targets set forth by the Board in all instances for SD-5.

SMUD has exceeded the target of 95% with an overall Customer Satisfaction of 97%. All six components exceeded the expectation set.

SMUD achieved a 76% overall Value for What You Pay score, with neither Residential nor Commercial falling below their prescribed floors.

Respectful Customer Treatment: Compliant

SMUD customers are treated in a respectful, dignified and civil manner. SMUD employees are trained to deliver quality customer experience through extensive, multi-channel employee competency development.

Hearing Appeal Process: Compliant

Customers are made aware of SMUD’s Hearing and Appeal process through multiple channels. The back page of every paper bill describes the process. In addition, the process is described in detail on the SMUD website and is linked from the digital bill in My Account.

Link: https://www.smud.org/assets/documents/pdf/Board-Meeting-Procedures.pdf

Zero hearings were conducted in 2021, as staff successfully resolved all escalations within standard customer communication channels.

4) **Challenges**

The strength of our customer relationships and ability to consistently deliver on their expectations are critical to SMUD fulfilling on our 2030 Clean Energy Vision. We will need to reach a far greater quantity and types of customers than we’ve had to in the past, with prioritization on equity and customer inclusion. We recently restarted collections and late fees and launched several new programs. Additionally, rate increases are planned for the foreseeable future. Extra customer experience focus and options will be needed as we expand zero carbon programs, communicate rate changes, as well as face potential energy capacity and supply chain constraints. Investing in customer experience is critical to meet customers’ core requirements while also building capabilities and solutions to support the zero carbon evolution.

5) **Recommendation**

It is recommended that the Board accept the Monitoring Report for SD-5

1) **Background**

Strategic Direction 15 states:

Providing broad outreach and communication to SMUD’s customers and the community is a key value of SMUD.

Specifically:

a. SMUD shall provide its customers the information, education and tools they need to best manage their energy use according to their needs.

b. SMUD will use an integrated and consistent communication strategy that recognizes the unique customer segments that SMUD serves.

c. SMUD’s communication and community outreach activities shall reflect the diversity of the communities we serve. SMUD shall use a broad mix of communication channels to reach all customer segments. This communication shall be designed to ensure that all groups are aware of SMUD’s major decisions and programs.

2) **Executive summary**

Strategic Direction 15 requires SMUD’s communication and community outreach activities to reflect the diversity of SMUD and the community we serve, using a broad mix of communication channels. In accordance, we look at the level of our marketing and outreach activities by communication channel, as well as the customer awareness of various programs and services by ethnicity.

**SMUD is in compliance with SD-15 Outreach and Communication.**

In 2021, we found ourselves in the second year of the COVID-19 pandemic as we continued our “friendly reminder/here to help” campaigns while late fees, disconnects and collections were suspended. As the pandemic continued to impact everyday life for our customers, we continued to look for ways to give back through our outreach and communications. Some examples include CEO chats, non-profit spotlights, E-waste recycling drive, Diapers & Wipes drive to benefit an area non-profit, holiday gift drive and various on-site and off-site volunteer projects. We also continued to support the expanded guidelines for our Energy Assistance Program Rate (EAPR) discount for qualified low-income customers and targeted campaigns promoting our programs and services to customers most likely to benefit from them.

2021 was also the year our Chief Executive Officer and General Manager Paul Lau introduced his 2030 Clean Energy Vision and the 2030 Zero Carbon Plan was developed to achieve that vision of eliminating 100% of carbon emissions from SMUD’s power supply by 2030 – the most aggressive clean energy goal of any large utility in the United States.
To support 2030 Clean Energy Vision and 2030 Zero Carbon Plan, we moved quickly to develop a broad-reaching, multi-media outreach and communication campaign to support the 2030 Zero Carbon Plan. In June 2021, we launched the first phase of the Clean PowerCity campaign and asked our customers to “join the charge” by taking simple actions to show their support for meeting the 2030 goal which directly impacts the health of our customers and the region. We had a second phase of the campaign in the fall through the end of the year. It was important for us to lay the foundation for this multi-year campaign, so we focused on why it’s important and why getting our customers to engage with this goal will help us all live in a Clean PowerCity.

We could be seen or heard in 15 customer-facing communication channels, including information in as many as 10 languages. We implemented over 20 marketing campaigns and participated in 1,364 community events, workshops, and partnerships. All of the events and partnerships included at least some cultural, ethnic and/or special populations, including LGBTQ, low income, military, seniors, disabilities, education, environmental, health & safety and STEM. See Appendices A and B.

Our activities accounted for more than 656,596,778 customer impressions in 2021. Of these, 344,713,308 were ethnic customer impressions. Just looking at TV and radio, the average SMUD customer had the opportunity to see or hear a SMUD commercial 46 times in 2021.

We look at trends related to the overall awareness of a cross-section of SMUD’s programs and services, segmented by ethnicity. The segments include Asian Pacific Islander, Hispanic, Black and White. The programs measured are Rebates, Energy Assistance Program Rate (EAPR), Greenergy, Electric Vehicle (EV) discount rate, My Energy Tools, SMUD Energy Store and SMUD Mobile App. New in 2021, we began measuring awareness of the 2030 Zero Carbon Plan. See charts in Appendix B.

With hundreds of events and sponsorships, millions of bill inserts and emails, tens of thousands of websites and multiple social media channels where customers could see our ads, and our schedule of TV, radio, and print advertisements, it's clear that we used a broad mix of channels to reach all of our customers in the channels they prefer. This includes in-language media such as TV, radio, print, digital and customer collateral in up to 10 languages or more.

These tactics account for 656,596,778 customer impressions in 2021. Of these, 344,713,308 were ethnic impressions. Just measuring TV and radio, the average SMUD customer had the opportunity to see or hear a SMUD commercial 46 times in 2021.

- 11,933,368 bill package inserts
- 416 billboards, transit boards
- 123,343 websites & app’s
- 25 broadcast & cable TV
• 1,364 sponsorships & events
• 13,738,177 emails
• 7 Social Media Channels

• 34 print publications
• 1,349,604 direct mail pieces
• 24 radio stations

• 13,358 volunteer hours
• 5,506 Clean PowerCity champions

4) Challenges

In 2021, the COVID-19 pandemic continued to present some unique challenges related to how we communicate and reach our customers as well as the type of information and resources we are communicating. We continued to look for new opportunities including on-site and off-site outreach and volunteer efforts to support community organizations and our customers, as well as finding the right channels and tactics to reach our customers in an environment of shifting media/communication preferences while there was still a mix of stay-at-home orders for some as well as in-person for essential workers and others seeking assistance.

While we continued to work to communicate important information to help out customers during another pandemic year, we also needed to begin to build the foundation for the 2030 Zero Carbon Plan and eliminating carbon from our power supply in 2030. By launching our Clean PowerCity campaign, we had communications explaining why we needed to move on this important initiative now as it directly relates to the health and safety of our customers, communities and region. This required a very strategic approach to ensure all of our communications were complimentary of SMUD’s overall goal to help our customers while being delivered at the right time for those customers most likely to benefit.

Our ongoing use of a broad mix of channels and tactics to ensure SMUD messages reach our customers in the communication channels they prefer. With customer communication channel preferences always evolving, we continue to look for new opportunities and channels to reach our customers. However, channels can be limited based on our service territory and especially when trying to reach customers that prefer communications in certain languages, we have limited opportunities.

Additionally, not all programs and services are intended for all customers, which is why target marketing and segmentation is necessary to reach customers most likely to qualify and benefit from a particular program or service.

5) Recommendation

It is recommended that the Board accept the Monitoring Report for SD-15 Outreach and Communication.

APPENDIX B
Awareness of Programs by Ethnicity

All Customers – Overall Awareness 2021
Here are the awareness trends over past five years for our entire customer base. From 2020 to 2021, most programs were steady. The SMUD App saw an increase while Energy Assistance Program Rate and Rebates saw a slight decrease but were steady when looking at three-year trends.

Hispanic or Latinx – Overall Awareness 2021
For Hispanic customers, most programs were consistent in awareness year-over-year and there was a slight decrease for Energy Assistance Program Rate and Rebates but were mostly steady when looking at three-year trends.
Asian Pacific Islander – Overall Awareness 2021
For Asian Pacific Islander customers, we saw increases for SMUD Mobile App and Electric Vehicle Discounted Rates and slight decreases for Energy Assistance Program Rate and Greenergy but were mostly steady when looking at three-year trends. The rest were consistent year-over-year.

Black – Overall Awareness 2021
For Black customers, awareness increased year over year for Greenergy and SMUD Energy Store and there was a slight decrease for Energy Assistance Program Rate but steady when looking at three-year trends. All other programs were consistent year-over-year.
White – Overall Awareness 2021
For White customers, we saw an increase in awareness for the SMUD Mobile App while there was a slight decrease for Energy Assistance Program Rate, Greenergy and EV discounted rates but mostly steady when looking at three-year trends. All other programs were consistent year-over year.

**NARRATIVE:**

**Requested Action:** Allow the Board members and executive staff an opportunity to discuss and evaluate GP-11 Board Review of Internal Records; GP-14 External Auditor Relationship; and BL-5 Unity of Control as part of the Board policy monitoring process.

**Summary:** The Board agreed to monitor established policies on a yearly basis to create a framework to better understand the policies and give the Board an opportunity to make improvements, additions or changes as desired.

**Board Policy:** This monitoring supports GP-2 Governance Focus which states that the Board will direct, evaluate, and inspire the organization through the establishment of written policies which reflect the Board’s values.

**Benefits:** Monitoring these policies allows the Board members an opportunity to update the policies as needed.

**Cost/Budgeted:** N/A

**Alternatives:** Monitor these policies at a later date.

**Affected Parties:** Board of Directors

**Coordination:** Donna Lofton, Special Assistant to the Board

**Presenter:** Dave Tamayo, Policy Chair

SMUD BOARD POLICY

Category: Governance Process  
Title: Board Review of Internal Records

Policy Number: GP-11

Date of Adoption: December 19, 2002  
Resolution No. 02-12-14

Revision Date: October 16, 2003  
Resolution No. 03-10-14

Board members may review any record of SMUD at any time, so long as confidentiality requirements are followed.

Specifically:

a) Board member requests to inspect SMUD records shall be forwarded to the General Manager, who will provide the requested files for review on SMUD premises.

b) No confidential or original documents shall be taken from SMUD premises except with the authorization of the General Manager.

c) Board members shall follow the same confidentiality requirements applicable to SMUD employees dealing with such files. SMUD employee personnel files will not be subject to Board review except as permitted by law.

d) The Board Office shall maintain a log of all copies of documents requested by Board members. The log will be available for inspection by members of the public during working hours.

Monitoring Method: Board Report
Frequency: Annual
The Board is responsible for hiring SMUD’s external auditor to perform the annual independent audit.

Specifically:

a) The Board will make the choice of external auditor, based on input from staff and others it deems necessary to exercise prudent, independent judgment.

b) After consulting with Board members, the Chair of the Finance and Audit Committee shall meet with the external auditor after the audit is complete. The meeting will be independent of staff. The Board member(s) will report their findings to the Board on a timely basis.

**Monitoring Method:** Board Report

**Frequency:** Annual
Only decisions of the Board acting as a body are binding on the General Manager, the General Counsel, and the Internal Auditor.

Specifically, in or out of the Board meeting:

a) Decisions or instructions of individual Board members, officers, or committees are not binding on the General Manager, General Counsel or Internal Auditor except in instances when the Board has specifically authorized such exercise of authority.

b) In the case of Board members or committees requesting information or assistance without Board authorization, the General Manager, General Counsel or Internal Auditor must refuse such requests that require, in their opinion, a material amount of staff time, or funds, or are disruptive.

c) Board members may communicate directly with SMUD employees or contractors. However, the Board as a body and the Board members will never give direction to persons who report directly or indirectly to the General Manager, with the exception of the General Counsel, Internal Auditor and Special Assistant. If individual Board members are dissatisfied with the response they receive, they may seek a resolution by the Board.

d) Board Members will refrain from evaluating, either formally or informally, any staff. The Board as a body will refrain from evaluating, either formally or informally, any staff other than the General Manager, the General Counsel, the Internal Auditor, and the Special Assistant.

**Monitoring Method:** Board Report  
**Frequency:** Annual
