Stay safe and well

As your community-owned, not-for-profit electric service, we’re committed to the health and safety of our community. COVID-19 has impacted most aspects of our lives. During these unprecedented times, we understand that your business may be negatively impacted.

We want you to know that we’re here to help. For our business customers like you, we compiled a list of local and national resources available to assist you and your business through these challenging times.

Listed below are some other ways we can help your business. To learn more about what we’re doing for businesses and our community, visit smud.org/Coronavirus.

Payment arrangements
Specialized payment arrangements can be set up online through My Account, or by calling the SMUD Commercial Contact Center at 1-877-622-7683.

Stay connected online
If you’d like to track energy usage of your business, you can do so from anywhere at any time with My Account online. You’ll find customized tips and tools to help. Signing up is easy at smud.org/MyAccount.

Power off
If your business is closed to the public at this time and your energy usage still looks higher than you feel it should, we suggest shutting power off at the circuit breaker level in the circuit breaker panel. Just be sure to leave the circuit breaker “on” for the circuit controlling your alarm system.

Helping our community
Through our Sustainable Communities initiative, SMUD is partnering with the Citrus Heights Chamber of Commerce and non-profit Single Mom Strong to provide emergency child care services for parents working in essential fields. Learn how your business can become a Sustainable Communities partner at smud.org/SustainableCommunities.
Let’s stay connected, we’re here to help

SMUD’s Energy Education & Technology Center offers a variety of online classes for you and your business. For a complete list of available classes and other business resources, visit smud.org/Workshops. Explore our library of online educational videos, including expert tips and the latest in energy technology at smud.org/BusinessVideos. You can find more energy-related videos in our general library at smud.org/EnergyVideos.

Summer is here

Here are some simple tips to help your business save energy and money during the months ahead.

- Set the thermostat to 78 degrees or higher.
- Install an energy management system or put a lock box around energy controls.
- Turn lights off or install motion sensors in rooms that are rarely used.
- Use natural light whenever possible.
- Prevent leakage of air by replacing old caulking and weather stripping around windows and doors – this can save up to 10% on cooling costs.
- If applicable, increase insulation for better efficiency.
- Use large machinery during off peak hours, if applicable.

SMUD Board of Directors

Your elected Board of Directors holds regular meetings once a month on the third Thursday at 6 p.m. The first meeting of each quarter is held at 9 a.m. Meetings are streamed live and archived on smud.org. Meeting location: SMUD Headquarters Auditorium, 6301 S St., Sacramento. Times and locations subject to change. For information and agendas, visit smud.org/Board, or call the SMUD Board Office at 916-732-6155.
