You may qualify for SMUD energy efficiency financing when you replace older equipment with energy-efficient models.

Summer rates coming soon

Reduce 5 to 8 p.m.

Remember, from June 1 through September 30, we’ll switch to summer rates. Here are some tips to help you reduce your peak energy usage and manage your bill, while keeping your home comfortable. It’s important to note when you use energy is just as important as how much you use.

• If you’re home during the day, Monday through Friday, consider doing household chores like running the dishwasher and doing laundry before 5 p.m. or after 8 p.m., or anytime during the weekend or holidays when all hours are the lowest off-peak price.

• Avoid using multiple appliances like your air conditioner, washer and dryer and dishwasher at the same time between 5 p.m. and 8 p.m. during the week, when rates are highest.

• If you need to use your air conditioner during peak hours, try setting your thermostat a few degrees higher between 5 p.m. and 8 p.m. during the weekdays.

Check out smud.org/CostEstimator to see how much it costs to use your common household appliances during off-peak, mid-peak and peak hours.

Now you’re cooking with induction

We have free and fun virtual classes to learn about electricity and its use around your home, including for cooking.

Have you ever wondered about what induction cooking is or how it works? Induction cooktops offer many benefits over standard gas or electric stovetops, including speed, precision and improved indoor air quality.

This class will cover how induction technology works and includes demonstrations. Visit smud.org/Learn to register.

Easy protection for your home

For just $7.50 a month, SMUD’s HomePower program protects your home and pocketbook from unexpected electrical issues and repairs that occur due to normal wear and tear.

We’ll cover up to $500 in electrical repairs per year and all work is warranted and done by SMUD-approved licensed electrical contractors. Plus, you can easily request your repair online at any time.

There’s no deductible and you’ll even get a 15% discount on services not covered under the program. Some restrictions apply, so be sure to learn more at smud.org/HomePower.

SMUD Board of Directors

Your elected Board of Directors holds regular meetings once a month on the third Thursday at 5:30 p.m. Meetings are streamed live and archived on smud.org. Due to the COVID-19 pandemic, Board meetings are currently held online. Visit smud.org/Board for the latest information.

Ward 1 Brandon Rose • Vice President
Ward 2 Nancy Bui-Thompson • President
Ward 3 Gregg Fishman
Ward 4 Rosanna Herber
Ward 5 Rob Kerth
Ward 6 Dave Tamayo
Ward 7 Heidi Sanborn
