When more than one water supply test has been performed contact your Fire Plan Checker to determine which test to use.

The undersigned agrees to the following items and conditions:

1. Water supply data is developed from several sources of information which may include water supply test data pipe network, computer models, and continuous pressure recording stations. The design water supply data given below is to be used for design purposes.

2. Although the water supply data reported herein is believed to be accurate, the City makes no warranty, guaranty, certification or other representation of any kind that such data is accurate or correct, or that the pressures and/or flow rates reported herein can or will be maintained. The undersigned agrees that the City, its officers and employees shall not be liable for any damages of any kind resulting from the use of or reliance upon the water supply data reported herein by the undersigned or by any third party.

3. When more than one water supply test has been performed, the decision is left to the Fire Plan Checker as to which water supply test is to be used.

4. If the undersigned desires to witness the water supply test performed by the City, please check the box below:
   - [ ] I want to witness this water supply test, which will be scheduled at the convenience of the Department of Utilities.

5. If the undersigned elects to hire a licensed engineer, at the undersigned's sole expense, to witness and certify the water supply test performed by the City, please check the box below:
   - [ ] At my expense, I will arrange for a licensed engineer to witness and certify this water supply test, which will be scheduled at the convenience of the Department of Utilities.
