Integrated Design Solutions
SMUD offers free energy-efficient design assistance and financial incentives for new construction, major renovation and many types of tenant improvements. Request a free consultation before you design your project.

Greenergy
We offer businesses an easy, affordable way to show their commitment to the environment by meeting their electricity needs with power from renewable and carbon-free resources.

Net metering
If you have qualifying renewable generation—such as a photovoltaic system—installed at your business, this option is for you. The renewable generation supplies your business’ electricity needs, which in turn reduces the electricity supplied by SMUD. Intermittent excess energy produced by the renewable energy system is sent back to SMUD and is reflected as a credit on your bill.

Clear space
You must leave 8 feet of clearance in front of SMUD’s green electrical boxes. This helps us work more efficiently, especially during a power outage. You may be charged if SMUD has to clear the space. You must also allow access to utility easements on your property so we can inspect and maintain our power lines and equipment.

Power theft
Our technicians encounter various methods of power theft each month. Unsafe conditions are a danger to all SMUD customers. Please report any unsafe situation you discover by calling us at 916-732-6594.

Billing and payment options

Custom Due Date
Set your payment due date range.

Go Paperless
View, track and pay your bill online with a digital bill.

Collective Billing
Combine multiple accounts onto a single monthly statement. Eligibility requirements apply.

Electronic Funds Transfer Program
Apply to have your bill payment deducted automatically from your checking account.

Online payments
Pay your bill online at smud.org. Click on the “Pay Your Bill” button to view your bill and make payments from your bank account.

As your community-owned and not-for-profit electric service, SMUD proudly provides rates that average between 36 to 52% lower than neighboring PG&E as of October 2020. These rates are for commercial, industrial, agricultural and lighting customers. To continually provide our customers with competitive pricing, our electric rates and options are extensive. This document summarizes these rates and options. If you would like more information on any of these rates, please call Commercial Services at 1-877-622-SMUD (7683) or visit our web site at smud.org/Rates. The full text of SMUD’s Rates, Rules and Regulations is available to our Customer Service Center located at 6301 S Street in Sacramento, or by sending an email request to Pricing@smud.org.

A look at your SMUD bill
Your General Services rate is identified by the Rate Category on your monthly SMUD bill. For example:

**GSN_T** Small Commercial (non-demand)

**GSS, T** Small Commercial (demand) 

**ASN** Small Agricultural (non-demand)

**ASD** Large Agricultural (demand)

**III. Small Agricultural Service**

Rate Category GSN_T (Time-of-Use Rate) Applies to customers using 20 kW or less.

<tbody>
<tr>
<td>1/1-4/30</td>
<td>5/1-10/31</td>
<td>11/1-12/31</td>
</tr>
</tbody>
</table>

**System Infrastructure**

Fixed Charge $22.35/mo. $22.35/mo. $22.80/mo.

**Electricity Usage Charges**

* All kW $0.144/kWh n/a $0.147/kWh
  * On-Peak n/a $0.332/kWh n/a
  * Off-Peak n/a $0.1216/kWh n/a

**IV. Large Agricultural Service**

Rate Category ASD

Applies to customers using 31 kW to 499 kW.

**System Infrastructure**

Fixed Charge $28.25/mo. $28.25/mo. $28.80/mo.

**Site Infrastructure Charge**

* First 30kW $1.15/kW $0.767/kW $1.198/kW
  * Over 30kW $0.65/kW $0.391/kW $0.63/kW

**Electricity Usage Charges**

* All kW $0.1133/kWh n/a $0.1153/kWh
  * On-Peak n/a $0.2886/kWh n/a
  * Off-Peak n/a $0.2001/kWh n/a

* Does not include solar surcharge.
** For highest 12-month kW or installed capacity.

---

**V. Small, Medium and Large General Service Time-of-Use**

Time-of-Use (TOU) rates price energy consumption (kWh) by seasonal on-peak and off-peak time periods, including a “super peak” period during the summer months. These rates also include a System Infrastructure Fixed Charge, a Site Infrastructure Charge (based on the highest 12-month demand) and a Super Peak Demand Charge for customers with loads above 1,000 kW.

**GS TOU Rate Customer Demand (kW)**

<table>
<thead>
<tr>

</tbody>
</table>

**Electricity Charges**

* All kWh $0.1351/kWh $0.1481/kWh $0.1378/kWh

* Does not include solar surcharge.

**Site Infrastructure Charge**

First 8,750 kWh/mo. $0.1496 $0.1434 $0.1526

Over 8,750 kWh/mo. $0.1175 $0.1037 $0.1198

* Does not include solar surcharge.

**Power factor adjustment**

Customers with power factors below 95% may incur additional charges on their monthly bill. Customers may benefit from establishing a contract to pay a monthly waiver instead of the power factor adjustment.

**Energy Assistance Program Rate (EAPR)**

This is SMUD’s discounted rate for certified nonprofit agencies whose primary function is to provide sleeping quarters for low-income residents.
